**11:00-11:45am EST****Pre-Institute Fun and Networking**

Want to get to know other TNI participants before we kick things off? This is your chance to meet others and have a little fun.

**Location: The Club House****Tags:** Optional Sessions for Networking and Fun**JESSICA PADILLA**, Director of Professional Learning Programs**12:00-12:30pm EST****Zoom Basics: For First Time Zoom Users**

During the Institute, the live sessions will be taking place on Zoom. If this will be your first (or second or third) time using Zoom, please join us to spend some time getting comfortable with the platform. We'll work together to make sure your video and audio are working, and we'll practice some of the basics like: how to mute and unmute yourself, how to turn your camera on and off, how to chat with others, and more.

**Location: Classrooms****Tags:** None**JESSICA PADILLA**, Director of Professional Learning Programs**12:30-1:30pm EST****Welcome Address: Gearing Up for Adventure**

Are you ready to embark on the adventure of a lifetime? Join in the fun as we gear up for the incredible week of learning ahead.

**Location: Main Stage****Tags:** Whole Group Session to Engage You**SARAH GALASSO**, Lead Math Solution Specialist**2:00-3:30pm EST****Workshop Session A**

All Workshop Session Choices can be found in the Session Descriptions. Please register for any sessions that you plan to attend live. All session recordings will be available to you regardless of session registration.

## 3:45-4:45pm EST

### **Power Talk: Creating a Culture for Learning**

We learn new things in many ways through many different experiences. This Power Talk will address the basic principles that underlie learning and challenge you to reflect on your approach to learning in your classroom to impact student achievement. What do your students believe you think is most important?

#### **Location: Main Stage**

**Tags:** Whole Group Session to Inspire You

**SANDY BARTLE FINOCCHI**, Chief Mathematics Officer

## 5:00-6:00pm EST

### **Networking Happy Hour**

Join us for opportunities to connect in small groups. Get to know other educators from across the country.

#### **Location: The Club House**

**Tags:** Optional Sessions for Networking and Fun

**JILL SWISSA**, Director of Professional Learning Design

## 7:00-8:00pm EST

### **Evening Fun: Game Night**

*Survey says...* game night is the place to be! Come on down and join the ruckus fun of game night! Your choice of **Boggle, Scattergories, Name That 80's Tune, or Puzzling**. Don't worry you don't need to have your *final answer* at the moment. Come and be prepared to not be the *weakest link*. These games are all made up and *the points don't matter*. *Phone a friend* to join with you, there is no pressure, no gong, and you could be the champion or the *biggest loser*. Either way we are going to have a rocking good time! Can we *make a deal*?!

## 9:00-10:00am EST

### **Morning Fun: Captain Jack and Swashbuckling Saradhi's Treasure Hunt!**

Ahoy Mateys! RRRR you looking for a good time? Join us for an adventure of a lifetime as we hunt the treasures of your homes and beyond. Teams will collaborate to locate and retrieve as many of the listed items as possible in 30 minutes. You will be given the list at the beginning of the session so no one will be able to get a head start.

Caution: You may have to venture into foreign waters to secure some of your bounty. All Pirates must adhere to local and state laws while collecting their items or face walking the plank.

Don't forget, PRIZES will be sent to all Pirates on the winning team!

You will need to bring only yourself and your sense of adventure as well as a bit of stamina to outwit and outplay the rest of the field!

## 11:00-11:45am EST

### **Math Thinking Together: Solve and Share**

Let's do some math together. As math educators, we know one of our favorite things is to do math and talk about it! This will be a causal opportunity to think through some math problems together, share out solutions, and compare our thinking with others. You'll be amazed at how many different ways we can, collectively, solve a problem.

**Location: LLM Community Room**

## 2:00-3:00pm EST

### **Power Talk: Talk Number 2 Me: Mathematics & Mindfulness™**

What is school for? To educate? Do we draw out students' talents and passion for mathematics? Mindfulness is a culturally relevant teaching practice. Emotional Intelligence (EQ) is the linchpin to engendering formidable mathematical learning. Let's examine how EQ will build powerful mathematical identities and master the Standards of Mathematical Practice. Trauma-informed mindfulness practices strengthen students' identities as sense-makers. Having the tenacity to persevere evolves as the students' ability to communicate their mathematical reasoning in a community of mathematicians who are valued; their progress relies on EQ skills.

## 9:00-10:00am EST

### **Morning Fun: Quick, Easy, and Delicious + BYOR**

Part 1: Quick, Easy, and Delicious

Stuck in ZOOM meetings all day? No time to prepare dinner? Join us as we make EASY slow cooker lasagna (no need to cook noodles) and a "Nothing Bundt Cake" copycat chocolate cake. Each of these takes under 20 minutes to prepare, and you will have a delicious meal complete with dessert waiting for you at the end of the day. View the [Ingredients List](#) to see what you'll need.

Part 2: BYOR (Bring your own recipe)

Bring your favorite recipe(s) to share electronically; we will be creating The National Institute Teacher Cookbook. Recipes can be anything you want to share from cocktails to appetizers to main dishes. Bon Appetit!

### **Morning Fun: Flashback Friday**

Time to revisit all of the crazy fun things that happened at TNI this year! Come join us to play a kahoot and test your memory and claim bragging rights. There will be a grand prize for the winner, and prizes for the first and second runner up. Want to make it into the kahoot?! Submit something funny you or someone else did or said during the week to be featured! Send your submissions to [kruff@carnegielearning.com](mailto:kruff@carnegielearning.com) with the subject line Kahoot. Make sure to join on time with your Carnegie Learning cup filled with the drink of your choice, because we have surprise planned for you!

## 2:00-3:00pm EST

### **Power Talk: From Tense to Confident: Build Bravery for Teachers**

When a teacher closes the door to their classroom and operates in a vacuum, the result is a double bumper: None of that teacher's greatness is shared and no other greatness can enter. Taking a risk in front of peers is scary, even for coaches, administrators, and director-types. Let's talk about tools to model bravery with each other and with our students.
