Enhanced Cleaning:
Clean: Before, After, and In-Between. All gathering spaces will undergo enhanced deep-cleaning before, during, and after our institute, each breakout room will be sanitized between sessions, and high-touch areas will be frequently sanitized, too.

Personal Hygiene:
Wash, rinse, repeat. Numerous handwashing facilities and sanitizing stations throughout the venue will make it easy to clean on-the-go.

Registration:
Kick off the week contact-free. Find your seat, pick up your name badge, and collect your welcome kit without increasing your risk.

Physical Distancing:
X marks the spot. Floor decals and signage in meeting and eating spaces will make it easy to follow social distancing guidelines throughout the institute.

Physical Contact:
We’re all about hugs, handshakes, and high-fives. But, this year, we’re providing digital alternatives to help you socialize from afar. You’ll also receive a personal set of any necessary supplies or manipulatives you need, so keeping your hands (and papers) to yourself will be a breeze.

Food and Beverage:
We’re serving up food you can feel good about. We’re working closely with the Fairmont Scottsdale Princess to employ the highest standard of food safety. All food and beverage will be served by hotel Staff, unless the items are prepackaged, individual servings or available via touch-free dispensers. Food and beverage lines will have appropriate signage to indicate social distancing. Meal spaces will be set according to social distancing guidelines for the safe removal of masks while eating or drinking.

PreCheck:
FOMO (fear of missing out) is real. But, if you become symptomatic (fever, loss of sense of taste or smell, nausea, etc.), please stay in your room. If you become symptomatic before travel, please contact us immediately.

Screenings:
Start your day the safe way. Our staff will conduct daily touchless temperature checks as you arrive everyday to ensure the health and safety of all our guests.

Masks:
A mask is a must-have. The City of Scottsdale requires face coverings to be worn in all public places if you are, or will be, in contact with guests outside your small immediate party and are unable to maintain proper physical distancing. Please wear your mask on the way to, during, and from all event functions. Carnegie Learning and Fairmont Scottsdale Princess hotel staff will also follow all face mask guidelines. Masks must be worn at all times unless actively eating or drinking in the socially-distanced space indicated for this purpose.

Hotel Rooms:
Rest easy while you rest. Fairmont Scottsdale Princess's housekeeping team will deep clean your room using bacteria and virus-killing disinfectants that are recommended by scientific experts. Your room door will be sealed after cleaning, so you’ll know it’s sanitized and ready for you when you arrive.

Medical Support:
Not feeling great? We’ve got a plan for that. Carnegie Learning is partnering with the Fairmont Scottsdale Princess team to address any medical concerns that occur onsite. We’ll also coordinate with local authorities and medical personnel as needed.
